Per 1 employee, evro per year:						
Income (revenue)	21675	23734	24657	28399	31255	25875
Profit	4025	6887	7308	7710	7927	6997
Wages	1190	1047	1206	1383	1578	1261

## CONCLUSIONS

---

**Ukraine has developed business models in agriculture**

**The farms are represented by organizational form and**

**Large enterprises are more efficient compare to small and medium ones. They produce mainly products export products.**

**Small and medium enterprises provide the domestic market and assurerural employment.**

**We believe - it is necessary to preserve the existing structure.**

**However, it is necessary to change the state policy priorities.**
